Re: Board of Zoning Adjustment Application No. 16611, Edmund Burke School

Dear Ms. Reid:

Enclosed is a petition in which 35 residents of the apartment building at 4107 Connecticut Avenue NW state their opposition to Application 16611, request for a special exception by the Edmund Burke School.

It is requested that this petition be included in the official file for this case and that the opposition of these individuals be made a matter of public record.

Sincerely,

Phil Kogan
Commissioner

CASE NO.16611
EXHIBIT NO.217

PETITION

NOVEMBER 8,2000

The undersigned tenants of the apartment building at 4107 Connecticut Avenue NW, which property is immediately North of the proposed Edmund Burke School addition, wish to go no record in opposition to the pending application of Edmund Burke School for a special exception (BZA Application No.16611) for the following reasons:

1) The alley which is behind this building has a high volume of usage now, trash trucks, utility trucks, moving vans, repair trucks, heating trucks, etc. including the residents and citizens of the city. The addition would create a tremendous increase in traffic in the alley behind our building and make ingress and egress to and from our building from the alley exceedingly difficult and hazardous.

2) We already have too many schools in this residential neighborhood creating a shortage of parking on the streets at the present time.

3) Some of the windows of our fellow tenants would be completely blocked and sealed off.

4) The heating and cooling tower has been located on the roof of the proposed addition very close to the side of our building. We are concerned about the noise from that equipment interfering with our ability to enjoy our apartments.

5) We are concerned about the potential noise from the student activities to be held at night.

- PLEASE SIGN ON THE ATTACHED SHEET IF YOU WOULD LIKE TO PARTICIPATE -
