Re: Application 16611 - Edmund Burke School Expansion

Dear Ms. Reid:

I am a neighbor of the Edmund Burke School (EBS) and applied for party status in this matter. The hearing for the above-referenced matter currently is scheduled for tomorrow, November 14, 2000. However, on November 3, 2000, after discussions with the neighbors, EBS submitted revised plans for the expansion. After reviewing the new plans, the neighbors have preliminarily concluded that they do not correct previously identified problems with the expansion and in fact exacerbate an already untenable parking situation. The neighbors turned over the new plans to a traffic consultant to help them evaluate such plans and to help them search for viable solutions.

The new traffic study performed by EBS, critical to evaluating the revised plans, was not submitted to the District of Columbia planning agencies until November 9, 2000. Unfortunately, EBS did not transmit the study to the neighbors at the same time. In fact I had to specifically request it from Walter Ailes on November 9, 2000. (See attached e-mail).

However, I did not receive the traffic study until late Friday afternoon on November 10, 2000. By then it was too late to transfer it to the neighbor's traffic consultant. He just received it today. One day is simply insufficient to evaluate this new study. If EBS were committed to going forward with the hearing on November 14th, it could have provided the traffic study to the neighbors in a more timely manner. Therefore, I respectfully request that the BZA grant a continuance so that the neighbors have sufficient time to review and assess the traffic study.

Sincerely,

Julie Weisman

Walter-

It has come to my attention that Burke has just submitted a new traffic report to DPW. Can you provide me a copy by the end of the day so I can provide it to our traffic consultant? Also, it is my understanding that Phil Feola filed a pre-hearing submission with the BZA. The neighbors would like a copy of that submission also to review. Your assistance in this matter is appreciated.

Julie
