Re: BZA Applic. # 16611 - Burke School
Proposed Expansion

Case No. 16611

Dear Sirs,

As an alumni of Burke, I am writing (and a DC Resident) in support of the schools proposed expansion at its current site on Upton St. NW. Burke is crowded in its present location + the proposed expansion will greatly help this, while only impacting the neighborhood slightly. The school is very community minded + I know will continue to work with its surrounding neighbors. Given the ugly -

high rises that have recently been built along Conn Ave, I would think the neighbors would much prefer a smaller density building that houses a fine school with community minded students.

Please vote in support of Burke's application.

Thank You,
