Re: BZA application 16611:proposed Edmund Burke Expansion

Dear Sir or Madame,

I have lived in the district for over 20 years, and lived in the area near the Edmund Burke School for 6 years. I work in the District. My older son graduated from a DC. School. My younger son is a student at Edmund Burke School. It is a wonderful school and adds a great deal to the personality of the neighborhood in which it resides. The additions to the current building were planned very carefully, giving much consideration to the surrounding neighborhood. I am favor of the proposed additions, not only because the school deserves to grow gracefully, but also because I would rather see that space used for a school that is preparing our youth to be productive citizens instead of an office building or another apartment building.

Sincerely, LaVerne Davis Jackson
