Re: BZA Application Case No. 16611
Proposed Edmund Burke
School Expansion

To the Board:

I am a parent of a child who is fortunate to attend Edmund Burke School. The school is marvelous. Not only does it enhance my daughter's life and mine through its varied activities and interests, but also it provides meaning and support in our lives. The education she receives at Edmund Burke School is individualistic; it is tailored to her needs, achievements, goals and capabilities. Its focus is on independence and creativity. Its diverse student body not only enhances our life, but it also, you should know, brings a vitality to our great city.

BZA
Case No. 16611
Exhibit No. 73

Board of Zoning Adjustment
District of Columbia
CASE NO.16611
EXHIBIT NO.73

I am asking you to support Edmund Burke School in its quest for more space. To achieve its goals to provide excellent students, our future leaders, the school needs to expand. It is now using every nook and cranny for learning.

I live near the school. While I realize that there may be some difficulties with the traffic flow, such a situation should not impede the growth of this fine school. Surely, the more comprehensive plan that Burke has fostered will ease those problems. As I say, I live in the area, myself and have not found traffic to be a problem. Since I drive my daughter to school each morning (since her pack-pack is so heavy), I am well-aware of the traffic situation, I do not find it an issue of concern.

I eagerly await the expanded space for the arts and the new library. Please support Edmund Burke in this endeavor.

Thank you for your consideration.

Sincerely,

Renée Weitzner
