Re: #16611

November 10, 2000
7210 Blair Rd NW
Washington DC 20012

OFFICE OF ZONING
DISTRICT OF COLUMBIA
00 NOV 14 A 8:

To the Zoning Board:

We are writing as District residents to strongly support the application of Edmund Burke School to expand its facilities #16611.

Improving the facilities at Burke School is in the interest of not only parents of Burke students but of the DC community at large. The vibrant mix of school choices, especially schools accessible by metro, are a very important for DC homeowners. Burke is an especially worthy school. It has a strong commitment to the community and sees as part of its mission to educate all the students about the issues confronting DC and all urban centers and to get them actively involved in solving problems.

I urge you to support this school, and in doing so, support the community.
