Zoning Adjustment
441 Fourth Street, NW, Room 210
Washington, DC 20001

Dear Ms. Reid:

I write regarding BZA case number 16620, the Embassy of the Republic of Azerbaijan proposal for chancery use at 2741 34th Street, NW. I fully support Advisory Neighborhood Commission 3-C's recommendation that the BZA deny this application because the proposed chancery location is within an R-1-A low density single family district and outside the mixed use Diplomatic overlay district. I believe the use of this site as a chancery with fifteen employees is incompatible with the residential character of 34th Street, NW.

Thank you for your consideration of this issue.

Sincerely,

Kathy Patterson
