Dear Mr. Zeydler:

The Alliance Française of Washington is hereby mandating you to depose on our behalf, a request to amend our Certificate of Occupancy. As you know, we would like to be able to house a staff person on premise for security reasons, given the fact that we conduct our activities (French classes, language immersion programs, cultural activities of all kinds) at hours that are sometimes quite late.

Our R-3 zoning should allow that possibility, as Art. 204, 202.5, 2500, etc. of the Zoning code seem to imply.

Hoping to hear from you soon with some update on this, I remain,

Very sincerely yours,

Daniel Blondy
Director
