Dear Sir/Madam,

I am writing in support for the above named applicant to be granted a variance for a rear deck addition to his home. As a homeowner and neighbor living two doors down, I do not find the deck to be obstructive or intrusive to my view of the alleyway. The Clements are senior citizens and Mr. Clements has limited mobility and walking is difficult for him. The deck provides safe footing into his backyard. Therefore, the deck is more than just a "cosmetic addition" but more importantly it is an "accessibility addition" that affords a senior citizen a means to get to and from his backyard to his home. For this reason I have no objections to the existing structure and it's application being granted.

Sincerely,

Margaret W. Stewart

Dr. Margaret W. Stewart, EdD
