Re: The Georgetown Flea Market (BZA Application No. 16643)

Dear Ms. Kress:

As I have earlier stated, I wholeheartedly support the application of a zoning variance made by the Georgetown Flea Market. This project has contributed to the Georgetown neighborhood for almost thirty years and has been at its present location for fourteen years. The neighborhood has come to expect this convenience and meeting place.

For ten years, the Zoning Administrator's office has stated that the market would not be effected by residential zoning of the Hardy School. It is my feeling that we should honor those statements.

Overwhelmingly, resident comments to my office have been in support of this variance request. It is my recommendation that you approve the request in accordance with public comment at the January 30, 2001 hearing.

Sincerely,

J. Graham
