Re: Appeal No. 16646-5655 Moreland Street, N.W.

Ladies and Gentlemen:

On January 16th, 2001, I supplemented the record in the referenced matter including a letter from the Department of Public Works indicating that certain of the land at 5655 Moreland Street, N.W. was to be taken for street purposes. To date, I have seen nothing else filed in this matter. This morning I spoke with Michelle Pourciau, the Deputy Director of the Division of Transportation, who indicates that work is still in process to determine how much land will actually be needed, and that this process may not be completed for some time. It is my understanding that Appeal No. 16646 is on the docket for decision at your February 6, 2001 meeting. Under the circumstances, I respectfully request that a decision on this matter be postponed until it is determined how much land is to be taken for street purposes and to what extent any building restrictions are applicable.

Very truly yours,

James W. McBride
