Re: **Opposition to BZA Application No. 16648**
Hearing Date: December 19, 2000

Dear Ms. Kress

This letter is in reference to **BP Amoco Corporation** for the expansion of an existing gasoline service station and alley closing in C-2-A District at premises 300 H Street, NE (Square 776,Lots 9, 25-27, 29, 51-53, 800, 814-819 and 821).

As a member of the Capitol Hill Community, I have resided at 820 - 4th Street, NE for fifteen years. This is a letter to object to the BP Amoco expansion and alley closing. The reasons for this objection are as follows:

- An increase of traffic flow as well as an increase in vehicular noise level that would further burden the community.
- An increase in car exhaust pollution which could have impact on increased respiratory problems for members of the neighborhood.
- A pump island canopy would detract from the aesthetic beauty of the neighborhood and could decrease the property market ability and value.
- the lighting of the site would disturb residents at night.

I appreciate the opportunity to share these views and I am hopeful that positive consideration will be afforded them.

Sincerely,

Carolyn R. McDaniel

Carolyn R. McDaniel
