RE; BP/AMOCO GAS STATION EXPANSION AND ALLEY CLOSING
BZA APPLICATION NO. 16648

Dear Ms. Reid:

This letter is to formally request that I be granted "Party Status" concerning the above mention case. I understand that this status will give me the opportunity to testify on behalf of the residents and myself of square 776, concerning the proposed BP/Amoco expansion and alley closing.

We strongly feel that as long time residents and owners of square 776, who will be most adversely affected by this proposal, we should have some say so in the outcome.

The proposed demolition and development is within less than 25 feet from our property. It will definitely affect our access to our property as well as the access by emergency and DPW vehicles.

The added traffic from buses, cars and truck fumes will be an added health hazard to our environment.

The history of a poorly mismanaged gas station will only increase our problems of drugs, trash, crime and debris with this expanded truck stop like station.

This project will have a negative impact on the gateway to the development of the H St. corridor.

Property owners, residents and neighbors have express total opposition to this project.

I am totally opposed to the BP/Amoco proposed gas station expansion and alleyway closing.
