Re: BZA Application 16648 (BP Amoco Corp. and Steuart Investment Co.)

Dear Mrs. Reid:

I am writing to request a postponement of your December 19, 2000 meeting regarding BZA application #16648. I have concerns regarding whether the applicant has satisfied the requirements for an EIS in respect to the proposed construction. I have asked the Environmental Health Administration to look into the matter and am awaiting a report from the Administrator. Also, because this highly important land use issue is viewed by me and my constituents as being vital to the economic development future of the H Street N.E. corridor, I would like to personally testify but will be unable to appear however, because the Council will be engaged in its last legislative session for the calendar year. Given the great importance of this issue to the community and to me, I am requesting that you postpone the hearing until the beginning of January, so that all relevant information can be presented.

Sincerely,

Sharon Ambrose
