To Whom It May Concern:

It is not unusual for me to have my clients reside at 715 Quebec Place NW under the supervision of Superior Services Group Homes staff because of the excellent care and attention they receive there. In fact, I routinely recommend the house to my fellow social workers as a place where they should feel confident sending their clients as well. The staff provides such a stable environment that I hardly ever receive complaints from the clients who reside there. Clients enjoy the quality of food and appreciate the amount of space they are allotted to sleep and store their personal items. Also during my visits, I have noticed that the staff takes great measures to ensure the atmosphere is pleasant and there is always an effort to improve noise reduction concerns that may be voiced by some clients. I have always had a great rapport with the staff at the house even if things are not always going right with a client there. Therefore, I will continually have many of my clients stay there as long as the house is able to accept them.

Sincerely,

Lisa Patterson MSW
