PROJECTS:

Tenley Hill, *Washington, DC*

Mixed-Use urban infill project on Wisconsin Ave. in upper northwest Washington, DC. Approximately 132,000sf, includes ground floor retail, first floor office and 43 condominium units above. Five townhouse units are also provided surrounding an exterior entry court above a 75 car-parking garage.

Park Hill, *Washington, DC*

Condominium urban infill project on Connecticut in upper northwest Washington, DC. The approximately 45,000sf building includes 30 condominium units and a basement parking garage.

Huntfield Master Plan, *Charles Town, WV*

Approximately 1,000-acre mixed-use master plan extends the historic urban fabric of Charles Town, West Virginia.

Potomac Yard Master Plan, *Alexandria, Virginia*

Approximately 300-acre mixed-use master plan between north Old Town and Washington National Airport transforms vacant land left by an historic rail yard.

Fortnightly Neighborhood Master Plan, *Herndon, VA*

Approximately 11-acre mixed-use master plan designed to convert vacant industrial land into a new town quarter linking a new senior citizen housing and community center development to historic downtown Herndon.

Herndon Senior Center, *Herndon, Virginia*

A 23,000sf community center for senior citizens designed as part of a senior housing complex and the Fortnightly Neighborhood Master Plan to serve as a new civic institution for the Town of Herndon, Virginia.
