RE: BZA Application No. 16678

Dear Ms. Cannon:

The hearing on your case is currently scheduled for June 12, 2001. You have informed the Office of Zoning that you are unable to make the June 12th date, and the hearing was tentatively rescheduled to July 3rd. Based on your discussion with Beverley Bailey, because of conflicting schedules, you are requesting that your application be placed on the Board's **SEPTEMBER 11, 2001 hearing agenda, morning session.**

We are strongly recommending that you have the Zoning Administrator's office review your building plans and obtain from him a revised referral memorandum. Once you receive this information, file it with the Office of Zoning as soon as possible and notify staff that the information is available. At that point, a determination will be made concerning whether the application should be re-advertised, based on the relief required.

Prior to September 11th, re-post the property for at least 15 days and file an Affidavit of Posting at least 5 days prior the hearing.

On June 12, 2001, attend the hearing at 9:30 a.m. and request that your hearing be **CONTINUED** to September 11, 2001. If you are unable to attend, please ask someone to represent you at that time. Staff will take the matter up as a preliminary matter.

Any questions, please call Beverley A. Bailey on (202) 727-0364. Questions to the Zoning Administrator should be directed to Michael Johnson and Toye Bello on (202) 442-9554.

Sincerely,

JERRILY R. KRESS, FAIA
Director
