CONSTRUCTION MANAGEMENT PLAN

Re: BZA APPLICATION NO. 16682
5518-5526 HUNT PLACE, N.E.

Construction hours will generally be from 7:00 A.M. to 5:00 P.M. Monday through Friday. This construction process should be carefully managed to minimize the impact on the surrounding properties. All construction related traffic will enter the site via of Eastern Avenue. All materials storage, construction supplies will occur on site.

Prior to delivery of the six (6) Modular homes, the Advisory Neighborhood Commission 7C (ANC) must be notified two weeks in advance. We must be provided with the name, telephone, pager number of the construction liaison person.

On the day of delivery of the Modular homes, construction working hours will be from 7:00 A.M. until 5:30 P.M. if needed.. This is a one time, one day special permission granted. If more time is needed, we must know 24 hours in advance. However, if less modular home units are delivered at any one time, we presume this can be done within normal working hours.
