Re: Application Number 16696 of Craig and Ann Goodman, for a variance to allow a second-story addition to a garage in the alley behind 3254 O Street, N.W.

To Whom It May Concern:

Last year, I signed a petition stating that I had seen the drawings of a second-floor addition to the garage at 3254 O Street, N.W., and that I did not object to the prospective change.

I have since learned that the drawings I originally saw have been modified to allow for a three-story accessory building of approximately 31 feet in height, which would be totally out of keeping with the character of the alley upon which the addition would face.

I would like to have my name withdrawn from the petition, and join with my neighbors in strongly opposing the variance to allow this large structure to be built in the narrow, quiet alley behind my house.

Sincerely,

Mrs. Ronald S. Lauder
