RE: Application for Variance #16696

It has come to our attention that the original Goodman plans have been modified. However, the plan remains totally unacceptable. The single drawing submitted on April 25th as part of the revised plan is **misleading** because it misrepresents the height of the proposed structure in relation to neighboring properties. Why does a family of three need an additional two bedrooms, completely equipped kitchen, separate laundry room with washer and dryer and living and dining rooms to accommodate a single domestic worker? What they are planning is an entirely separate residence with the strong possibility of becoming a lucrative rental in the future. We do not need this in our immediate neighborhood. Accordingly, we request that the BZA and ANC deny the Goodman's request for a variance.

Respectfully,

Dr. Caren A. Pauley, Former ANC
Mr. Roger A. Pauley, Esq. Former ANC
Miss Rachel S. Pauley, Esq.
Miss Sarah Pauley
