RE: Application for Variance #16696

To Whom It May Concern:

We hereby object to the proposed modified plan submitted by Craig and Ann Goodman to construct a twenty foot high building that will contain a self-sustaining unit (S).

Our objection is based on the loss of privacy that will occur, not only to us but to the other adjacent neighbors, as well as diminished light and air.

Finally it has been brought to our attention that we would suffer a loss of property value by the addition of this project.

We respectfully ask that this request be denied.

Sincerely,
Thomas G. Vozt / Robert W. Laycock (by)
