RE: BZA Application No. 16697 – Edward & Patricia Yates

Dear Mr. Whitman:

The Board of Zoning Adjustment held a public hearing on the above-mentioned application on May 8, 2001. The Board received your correspondence on this case; and we welcome your comments. As you know, the Board is required to give your report "great weight", and in order to do so the Board is required to follow specific protocol procedures. Therefore, we are asking that your correspondence on this and future cases be sent on ANC 1E stationary, signed by the chairperson or vice-chairperson, and faxed or mailed directly to the Office of Zoning.

For your information, the Board is scheduled to make a decision at its **June 5, 2001** public meeting. The Board has asked the applicants to provide a dimensioned first floor plan by **May 22, 2001**.

Again, we thank you for your input and we are looking forward to giving your report the full weight to which it is entitled. Your response prior to the public meeting would be appreciated.

Sincerely,

JERRILY R. KRESS, FAIA
Director
