The Board of Zoning Adjustment
441 4th Street NW, Suite 210
Washington, DC 20001

January 29, 2001

To The Board of Zoning Adjustment,

I am writing on behalf of my clients to request an expedited hearing on a project that I submitted for review on Friday, January 26. The project is at 1841 Ingelside Terrace, NW. The owners are requesting a variance to build a rear deck. This is a very small project and not different in scope from decks which have been added to many of the row houses adjacent to 1841 Ingelside Terrace. The owners would appreciate a timely review of their request for a variance so that, if the variance is allowed, they may enjoy the deck in the summer season.

I was told that this project would likely be scheduled for next the available review hearing in May or June. If that is the case, and the variance request is approved, a building permit would probably not be issued before July. Any earlier scheduled review of this project would be greatly appreciated.

Thank you for your consideration of this request.

Sincerely,

Robin McGrew
Designer and Agent for the Owners
