Re: BZA Case #16702
Hearing Date: April 17, 2001

Dear Members of the Board:

I am writing in support of the Millennium Georgetown Partners LLC proposed incinerator project in Georgetown.

The proposed development for the Incinerator site is a welcome addition to the Georgetown waterfront. The Incinerator site project and its amenities are important to the vitalization of the Georgetown Waterfront Park and will bring increased activity to the area. Additionally, the project will provide substantial parking, which is necessary in light of our commitment to close the Harbour Parking facilities adjacent to the Potomac River along K Street, NW., in order to convert the area into a park. We and the public are counting on the Incinerator project absorbing those cars now parking on the waterfront.

Thank you for the opportunity to comment on this application.

Sincerely,

Sara Blumenthal
