Re: BZA Application No. 16702 - Georgetown Incinerator

We have requested of the Office of Legislative Services a copy of the full legislative package, including appendices, regarding the transfer to Millennium Georgetown Development of the land at the incinerator site.

The materials are in storage, and Legislative Services will have them available by Wednesday of next week. As soon as they are in hand, we will provide copies to all parties.

We trust that this will meet the intent of the Board; Ms. Hinton, in particular, asked to see all of the appendices so that she could fully understand the Council's intent.
