VINAY S PANDE

June 3rd 2001

Dear Neighbour::

I am writing this note to seek your support for a special exception to permit construction of a canopy over the driveway and steps leading to my house.

As some of you are already aware my mother has been staying with us ever since my father passed away in 1997. You may also be aware that she is severely disabled with crippling rheumatoid arthritis. She cannot possibly make it down the driveway and steps to the house without the aid of an electrically operated chairlift that needs to be installed on the property.. This chairlift has to be sheltered from the elements with a canopy,, not just for the comfort of my mother, but also to prevent rust and the risk of electrical shock.

We have lived in this house since 1991 and love our neighbourhood. We have looked forward, for some time, to moving back into the house after my 4 year stint in London. However, without some assurance that we can build a chairlift for my mother we are forced to rent the property out and live at our club in DC whenever we are in town.

I would greatly appreciate an e-mail or written expressions of support or even a signature on this appeal. Some of you may have been convinced otherwise about the merits of my case and I would like to speak to you on the telephone, or in person from 5.30 to 6.30 pm at my house on Wednesday the 6th of June.

Thank you for your consideration.

Sincerely

Vinay

Vinay S Pande

I am in agreement with this effort regarding a canopy.

STATEMENT OF SUPPORT FOR SPECIAL EXCEPTION FOR 5210 KLINGLE STREET

I am familiar with the awning that Mr. Vinay Pande has erected on his property at 5210 Klingle St. I would like to state that this awning does not adversely affect the use or enjoyment of my property, which is located next to the Pande property. It has been deliberately designed to be as low as possible and leaf green in colour, so as to blend in with the surroundings.

Mr. Pande has advised me that the awning was erected for the safety of his mother, who, being handicapped with severe rheumatoid arthritis, requires a chairlift to carry her from the driveway to the house. The awning protects the chairlift from rust and the potential for electrical shock.

For these reasons I support Mr. Pande's application for the granting of special exception to the side-yard zoning requirements.

hello howard
this is from mr brown one of the original signatories to the petition against us. he did not retain a hard copy of the plans i had given him, so he has sent this e-mail expressing support for the new plan.
he told me he was asked to sign the petition by mr kennedy one day after he moved into the neighbourhood and that he was not apprised of the circumstances relating to my mother. he thinks the objections of the neighbours are "petty".

Dear Mr Pande,

The download was fine but I couldn't print a clear copy. However, I don't have any objection to the proposed plans. Hopefully this email will be sufficient support from me for your new driveway awning.

Best Regards

Mike Brown

I am familiar with the awning that Mr. Vinay Pande has erected on his property at 5210 Klingle St. I would like to state that this awning does not adversely affect the use or enjoyment of my property, which is located next to the Pande property. It has been deliberately designed to be as low as possible and leaf green in colour, so as to blend in with the surroundings.

Mr. Pande has advised me that the awning was erected for the safety of his mother, who, being handicapped with severe rheumatoid arthritis, requires a chairlift to carry her from the driveway to the house. The awning protects the chairlift from rust and the potential for electrical shock.

For these reasons I support Mr. Pande's application for the granting of special exception to the side-yard zoning requirements.

STATEMENT OF SUPPORT FOR SPECIAL EXCEPTION FOR 5210 KLINGLE STREET

I am familiar with the awning that Mr. Vinay Pande has erected on his property at 5210 Klingle St. I would like to state that this awning does not adversely affect the use or enjoyment of my property, which is located next to the Pande property. It has been deliberately designed to be as low as possible and leaf green in colour, so as to blend in with the surroundings.

Mr. Pande has advised me that the awning was erected for the safety of his mother, who, being handicapped with severe rheumatoid arthritis, requires a chairlift to carry her from the driveway to the house. The awning protects the chairlift from rust and the potential for electrical shock.

For these reasons I support Mr. Pande's application for the granting of special exception to the side-yard zoning requirements.

Dear Neighbour::

I am writing this note to seek your support for a special exception to permit construction of a canopy over the driveway and steps leading to my house.

As some of you are already aware my mother has been staying with us ever since my father passed away in 1997. You may also be aware that she is severely disabled with crippling rheumatoid arthritis. She cannot possibly make it down the driveway and steps to the house without the aid of an electrically operated chairlift that needs to be installed on the property.. This chairlift has to be sheltered from the elements with a canopy,, not just for the comfort of my mother, but also to prevent rust and the risk of electrical shock.

We have lived in this house since 1991 and love our neighbourhood. We have looked forward, for some time, to moving back into the house after my 4 year stint in London. However, without some assurance that we can build a chairlift for my mother we are forced to rent the property out and live at our club in DC whenever we are in town.

I would greatly appreciate an e-mail or written expressions of support or even a signature on this appeal. Some of you may have been convinced otherwise about the merits of my case and I would like to speak to you on the telephone, or in person from 5.30 to 6.30 pm at my house on Wednesday the 6th of June.

Thank you for your consideration.

Sincerely

Vinay S Pande

I HAVE NO OBJECTIONS TO THIS CHAIRLIFT BEING INSTALLED

Subject: FW: FW: ANC Meeting on Oct 3rd. Re. variance for 5210 Klingle St NW

hello howard
this is from mr brown one of the original signatories to the petition against us. he did not retain a hard copy of the plans i had given him, so he has sent this e-mail expressing support for the new plan.
he told me he was asked to sign the petition by mr kennedy one day after he moved into the neighbourhood and that he was not apprised of the circumstances relating to my mother. he thinks the objections of the neighbours are "petty".

Dear Mr Pande,

The download was fine but I couldn't print a clear copy. However, I don't have any objection to the proposed plans. Hopefully this email will be sufficient support from me for your new driveway awning.

Best Regards

Mike Brown
