Re: BZA Application Number 16730

To Whom it May Concern:

I have been a resident of the Logan Circle community for twelve years, and I have seen numerous improvements in the neighborhood during that time. I can appreciate the new developments, which benefit us all by giving us a better environment in which to live and by increasing our property values.

The Bundy Development Corporation has shown its strong commitment to the neighborhood by locating its office here and by demonstrating high-quality construction of its first building, "The Castle." The efforts to research the zoning prior to purchase and to obtain a zoning certificate on buying the property are consistent with the actions taken by any reputable business. This is the kind of developer that the residents need to attract to the Logan Circle area.

I am writing in support of the Bundy Development Corporation's application number 16730, and I strongly urge you to approve the zoning exception for this property.

Thank you, in advance, for your consideration of this matter.

Sincerely,

BZA
