Re: 1320 13th Street, NW (HPA 01-092) concept/new construction

Dear Mr. Boasberg:

At its regularly scheduled and publicly advertised meeting of January 3, 2001, a quorum being present, ANC 2F voted 6 - 0 to recommend to the HPRB that it approve the general design concept of the proposed new residential building, and that it delegate to staff the refinements of details, with the exception that ANC 2F and community representatives are to be consulted about the final selection of materials and colors. The ANC also asks the Board to review the ceiling heights, its preference being for higher ceilings on the lower floors, rather than on the upper floors (as shown in the elevations presented to the Commission). The Commission's concern is that the building not appear to loom over the other residential buildings on the block.

Thank you for giving great weight to our views.

Sincerely,

Helen M. Kramer
Secretary
(on behalf of ANC 2F)
