Board of Zoning Adjustment
Suite 210-S

Washington, DC 20001

Dear Ms. Kress,

I was one of the people who helped get the D.C. Government to accept a tree and slope overlay for our neighborhood. I'm writing to let you know how upset all the neighbors are at the action taken by Jacobsen Builders at 2989 Arizona Avenue. Mr. Jacobsen knowingly cut down a large number of very beautiful trees on his property in direct violation of the rules that have been established by your organization.

I hope Mr. Jacobsen will be appropriately penalized for his gross violation.

Sincerely,

Richard England
