Washington, DC 20001

Re: 1523 Vermont Avenue, NW
Roof deck addition

Dear Ms. Reid,
This letter confirms my support of the proposed roof deck and stair addition to 1523 Vermont Avenue, NW. I am writing not only in my capacity as architect for the project, but as a neighbor residing at 1519 Vermont Avenue, NW. I support the applicant's request for this deck to allow for much needed outdoor space, something we should all have access to in our wonderfully "green" capital city.

Please call me directly with any questions.

Sincerely,

William Bonstra, AIA
