Re: BZA Application No. 16753 – Penn Branch LLC

Dear Chairperson Grant:

This is to acknowledge receipt of your letter to the Board of Zoning Adjustment dated September 20, 2001, concerning comments made by your fellow Commissioner Mr. Thetus Boyd, and your request for a copy of the September, 20, 2001 "meeting minutes" of the Board's vote to postpone the hearing in the above-referenced case until November 20, 2001. Please be advised that your letter has been made a part of the record in this case and as such will be considered by the Board's in its deliberation of this matter. Please also be advised that Board hearing transcripts are generally available for public review and or copying in our office Monday through Friday, between the hours of 8:30 AM and 5:00 PM. Please call our office on September 28, 2001, to see if the transcript that you are interested in has been received from the court reporting service.

Please call Richard S. Nero, Jr., Special Assistant, on (202) 727-6311, if you have any questions.

Sincerely,

JERRILY R. KRESS, FAIA
Director

CASE NO.16753
EXHIBIT NO.121

There may have been no thorough research done by the local or federal governments on potential health risks of any radiation emitted from this tower. I am a registered nurse now working in public health. I am concerned that there may be dire consequences resulting from the location of a potential radiation source in our community. Does this pose a health hazard for families living in the community? All too often, and after the fact, one learns of environmental dangers created by such edifices as a monopole. The proposition is frightening. Not only is health potentially threatened, but also property values are adversely affected.

I apologize for the delay of this letter, but my mother's illness, and subsequent ,death.prevented a more timely response..

Thank you for your attention in this matter.

Respectfully,

Sharon J. Frazier
