Dear Ms. Kress:

This letter further supports opposition to the construction of the monopole (cell tower) that has being proposed for the rear parking lot of the Penn-Branch Shopping Center.

We understand that the Special Exception application, BZA Case # 16753, would permit the construction to go forth.

Again, at this time we are re iterating the fact that **a monopole at the above location would negatively impact the property values of homeowners living adjacent to and in close proximity to the structure.**

A monopole would add to an increasingly crowded parking situation. Additionally, there are inherent environmental pollutants emitted from any and all cell towers.

With regards,

Hiram K. Brewton and Blanche Era J. Brewton
