Re: Application for Specie Exception by SBI
Penn Branch Shopping Center
BZA Case No: 16753

Dear Chairperson Reid:

This letter is in protest to an Application made for a Special exception to permit a Cellular tower to be Constructed at the Penn Branch Shopping Center.

Having lived in this Area for over 30 yrs, My neighbors And I have always taken Great pride in the up Keep of our Area. I am definitly opposed to the proposed Cellular tower in the rear of Penn Branch Shopping Center. We are Truly Concerned over the health risk this may bring to our Area, along with the fact this tower will bring unsightly turmoil to our homes that we treasure. We have several Schools, in the immediate Area, along with several Churches, and other businesses. So we have a Constant flow of persons who frequent our Area. The risk is much to Great to expose a health hazard. These towers are Known to Give off some forms of radiation. Also if built this would Certainly decrease the value of our Property. We are Constantly battling all sorts of problems in our Area. Please do not add another burden of this Community.

Thanking you in advance for your Consideration
Please oppose the Construction of this tower.
We the residents of ANC 7B/SMD 7B07 need your Support.

Sincerely,

Rev. & Mrs. William B. Stroman
