Re: Application for Special Exception By SBA
Penn Branch Shopping Center
BZA Case No: 16753

Dear Chairperson Reid:

This letter is in protest to an application made for a special exception to permit a cellular tower to be constructed at The Penn Branch shopping Center in the residential community at Penn Branch.

I believe that the placement of this antenna at the proposed location would adversely affect the neighborhood property both aesthetically and financially. I also have reason to believe that would have an adverse affect on existing health concerns, and possibly create new health concerns for residents living in the Penn Branch Community.

I am requesting that you give serious concern to this application process. Especially noting the proliferation of towers in the Southeast community since 1966.

Thank you very much for your consideration in this matter.

Sincerely yours,

Calvin C. Sneed
Resident of ANC7B/SMD 7B07
