January 31, 2001

To whom it may concern:

I own and reside at 222 5th Street, SE. I am familiar with the plans of Richard Thomas and Laura Canfield to build an addition to their home at 220 5th Street, SE. The north wall of my home will face the proposed addition, which would extend to my northern property line. I approve of the plans of Mr. Thomas and Ms. Canfield and support their efforts to obtain the necessary approvals to proceed with their proposed addition. They have made the commitment to be a part of our Capitol Hill community along with their children, and I believe it is appropriate to permit them to make this modest addition to accommodate their pressing need for a child's bedroom.

Sincerely,

Allen Haywood
222 5th Street, SE
