Reference: Case Number 16756
Application of Teddy L. Houston

Dear Ms. Reid,

During my scheduled hearing on October 2, 2001, the Board requested some additional information from me regarding my application. The Board agreed that the application and additional information would be reviewed during the Board's next meeting on November 6, 2001 in lieu of appearing before another hearing.

I respectfully request the Board defer consideration of my application for another month until its December meeting. My reason for the request is that I have not had sufficient time to research and adequately prepare a response for the November meeting. I am an employee of the Department of Defense and, given recent events, have had little time to attend to personal business.

Should the Board grant my request, I am confident I will be able to respond to the concerns of the Board in time for the December meeting. Thank you for your consideration.

Sincerely,

Teddy L. Houston
