Re: Property Improvements to 2718 P Street, NW

Dear Members of the Georgetown Board:

This letter confirms that we have reviewed with our neighbor, Marti Tirinnanzi, the proposed improvements to her residence at 2718 P Street, NW.

We support her proposal as planned. We think that her proposed improvements makes the circa1956 house more architecturally in line with the Federal Period, thereby enhancing the historic ambiance and aesthetics of the neighborhood. We encourage your support of her project as proposed.

Thank you,

Don Clark
