Dear Board of Zoning Adjustment:

I am writing this letter to to give my full support to Mr. Rolf Ramelmier for BZA application #16761 for a variance for 3421 14th Street, N.W. I have lived at 1367 Newton Street and have owned my property for over forty years. I am very happy to see someone do something to try to improve this neighborhood. We have suffered with drugs, alcohol and boarded up houses for many, many years. This property had homeless people and drunks hanging out in front and neighbors were afraid to walk by there. At last we have someone making things better and help to improve our community that we live in.

Thank you,

Sandra Bears
