Sheila Cross Reid, Chairperson
Board of Zoning Adjustment
441 4th St., N.W., Second Floor

Dear Chairperson Reid and Members of the BZA:

My sister Mattie and me have owned and operated a convenience store on the corner from the subject property at 3421 14th St. for over twenty years. We are, therefore, long time community business operators and have been looking forward to the arrival of revitalization of this strip which will contribute to our business advancement as well as the entire community. I speak for both my sister and I, when I say that we both love to see this building come back to life after so many years and we strongly support the **BZA variance application No. 16761.**

We applaud this effort to invest in the future of Columbia Heights and help to get rid of some of the negatives, such as drugs, loitering, trash and drunks who hang out on the street in front of our businesses and scare away some of our customers. **Anything** that will help to improve these conditions, I am in support of **100%!**

Yours truly,

Carrie Fulse
