September 5, 2001

GOVERMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF ZONING
441 4th Street NW
Washington, DC 20001

Dear Sir,

I, James E. Coleman, opponent the zoning; I live next door to the applicant. Which is 1450 D Street NE, I have had needless pain of the people hanging around my premise, trash, sitting on my steps, sitting on my car, pulling up my flowers, disposing their waste against my resident waiting for the store to open.

If the store do not open as posted, I have to go through the agony of the banging on the door. It will bring on -- more rowdy crowd, more debris and this so far is a nice neighborhood we try very hard to keep it clean. In the fall of the year we have wade through the leaves, and during the winter the snow is not cleared so that the customers can go into the store. Please whatever just let things stay as they are. It would be nice if I didn,t have be bother with a place of business next door.

I thank you in advance , if nothing else just for the reading of this letter. So, I request if anything let it stay as a grocery store

Sincerely,

James E Coleman

James E. Coleman
