Subject: application 16780

Dear Zoning Department,

I am writing regarding application number 16780, Lenard Woods of 1360 East Capitol Street, NE (Square 1035, Lot 82). I am in full support of Mr. Woods' building his deck. He has undertaken renovations on his residence, including the new deck, which have enhanced the appearance of his address and the entire block. Most of this block's rear exposures are dilapidated and a general eyesore. Mr. Wood's addition is a welcome improvement to the block that enhances the appearance of the alley and adds value to the neighborhood.

Sincerely,

David M. Keeler
