RE: Application No. 16783, 1316 30th Street,NW, Merriam residence

Dear Madam Chair and Members of the Board:

At its regularly scheduled, duly noticed public meeting on October 2, 2001 with all commission members present, ANC 2E voted unanimously to pass the following motion:

> ANC 2E supports the applicant's request for a special variance as presented allowing for a one-story addition to the rear of the property given that the addition does not unduly affect the light and air available to the neighboring properties nor are the privacy of use and enjoyment of the neighboring properties unduly compromised.
>
> ANC 2E recognizes concerns raised by the neighbor to the south who apparently has been unwilling to meet to discuss his concerns with the applicant. Absent of a meeting of the minds, we simply call attention to the neighbor's concerns, without comment.

Please give great weight to this ANC 2E action.

Sincerely,

Peter Pulsifer
