Zoning Committee

I am writing this letter in support of the Fishing School Family Center. My daughter has been attending their Saturday girls club for two years. She enjoys the coaching, camaraderie, and the learning experience.

I also support the Fishing School by way of the Combined Federal Campaign on my job. I encourage my family and friends when choosing where their donation go choose the Fishing School. The Fishing School is a great asset to the community. I hope the Fishing School is allowed to remain a part of my community.

Thank You

Robin A. Stevenson
