To Whom It May Concern, I Rosalie Johnson whole Hearted believe that the Fishing School has been a tremendous Blessing to the Community.

I believe a few people who are trouble makers would deny children such basic and good Education.

Mr. Lewis and I worked very hard to Keep the Fishing School on Bright Street N.E.

It seem to me, that everytime a Black man tries to help all Children and have a business in the Black Community, one or two people Rise up trouble.

As a former ANC Commissioner, one of the first Board member and Secretary, President, and Now the Neighborhood Ambassador.

I do vote yes, for us in favor of the Fishing School to remain in its place.

Sincerely,

Dr. Elder Rosalie Johnson
