BZA Case # 16788

Iraklis Karabassis
4774 Dexter Street, NW
Washington, DC 20007

October 3, 2001

Dear Neighbor:

As you are aware, I have applied for a variance to improve my property. The addition I have planned will not extend into the overlay any further than my existing residence and will, in fact, help to reduce the number of automobiles on the street. I believe the plan I have developed will enhance my residence while working in harmony with the existing structure and our neighborhood, and will help to preservation of open space we all cherish so much.

I am asking for your support of this project. By signing below you signify that I have explained the project, shown you the drawings that I have submitted to the City, and that you have no objection to my moving forward with my plan.

Thank you for your support.

Best regards,

Iraklis Karabassis
