re: addition to 1604 and 1606 19th Street

Beverly:

This is in reference to the addition to be built to our buildings at 1604 and 1606 19th Street.

As stipulated by the Zoning Commission, we need to receive final approval from the Historic Preservation Review Board before we can continue with our project.

We are still in the process of determining the most appropriate design and selecting a builder so that we may go before the Historic Preservation Review Board and receive final approval for our addition. After recent consultations with our architect, Michael Beidler, we hope to have final design plans ready for the HPRB at the June meeting.

Respectfully,

Alan Skvirsky
