RE: BZA Application No. 16794 – Sylvia and Christopher Addison

Dear Mr. Chopivsky:

The facts of the case on the above-mentioned application were presented to the Board of Zoning Adjustment on November 27, 2001. The Board made note of your correspondence indicating that you were out of the country and returned to your residence shortly before the scheduled public hearing. The Board did not make a decision on the application at the public hearing because additional information is needed from the Applicants' architect. Therefore, we are inviting you to file a written statement articulating your views, prior to our decision.

The Applicants' architect, Mr. Outerbridge Horsey, was informed that additional information is needed to demonstrate that a practical difficulty exists at the site. That information, in addition to any materials that you may want to file with the Board, should be submitted by **December 18, 2001**. The Board is scheduled to make a decision on **January 2, 2002**.

If this office can be of further assistance, please contact Beverly A. Bailey on (202) 727-0364.

Sincerely,

JERRILY R. KRESS, FAIA
