Dear Mr. Cochran

Again thank you for your patience and understanding regarding BZA Case #16803 - 1358 Girard Street, NW. As I have told you, it has been a difficult task compiling the information in support of our contention. I understand that you are bending over backwards to be fair by allowing me additional time at the expense of your own time requirements. I will be sure to inform the Board that the lateness of your report is entirely my fault.

I will bring you all of the additional information I have been able to obtain early this morning. I hope that the package will respond to your questions.

Look forward to meeting with you.

Sincerely

Edgar T. Nunley
