10/11/2001

To: Board Of Zoning,

This is a new house being constructed of 2907 7th Street South East. The old house had been burned out 5 times, and was termite infested. It had been used as a crack house for over 9 years.

The new house has not been completed yet. Thank you for your assistance with this effort, since I currently owned the Day Care Center next to this house, and would like to expand for infants & B/After School Care.

Sincerely,

Mrs. Abigail Parker
