Re: BZA Application No. 16809
719-735 6th Street, N.W.; Square 486, Lots 11-13 and 804-808
Our File No. 099711-0000

Dear Mr. Griffis:

The above-referenced application was filed seeking two (2) variances – one from the residential recreation space requirement of Section 1706.4(f) and the second from retail requirement of Section 1705.3 – to permit the construction of a mixed-use residential and retail project at 719 -- 735 6th Street, N.W., Square 486, Lots 11-13 and 804-808. A hearing is scheduled on the application for December 18, 2001. This letter shall serve as a formal request that the Board of Zoning Adjustment consider an additional variance from the roof structure set back requirements of Section 770.6(b) of the Zoning Regulations.

Upon further design and review of the roof plans, it was discovered that the applicant needs a variance from Section 770.6(b) of the Zoning Regulations. Section 770.6(b) provides that roof structures "shall be set back from all exterior walls at a distance at least equal to its height above the roof upon which it is located." The proposed roof structure is eighteen feet, six inches (18'6") tall, resulting in a corresponding setback requirement of eighteen feet, six inches (18'6"). As illustrated on the attached roof plan, only a six foot set back can be provided from the southern exterior wall. The variance is required so as to accommodate the enclosure of both the elevator and stairway penthouses in one structure. *See* 11 D.C.M.R. § 411.3 & 411.5.

Exhibit No. 21

Board of Zoning Adjustment
District of Columbia
CASE NO.16809
EXHIBIT NO.21

On November 14, 2001, a presentation was made to the Zoning and Licensing Committee of Advisory Neighborhood Commission ("ANC") 6A, at which time the Applicant informed the ANC that it would be requesting this additional relief. As the ANC has requested that the Applicant make a presentation to the full ANC on December 6, 2001, a copy of this letter, with the attached roof plan, will be submitted to the ANC as written notice of the requested additional variance.

Also enclosed is the $800.00 fee for the additional variance.

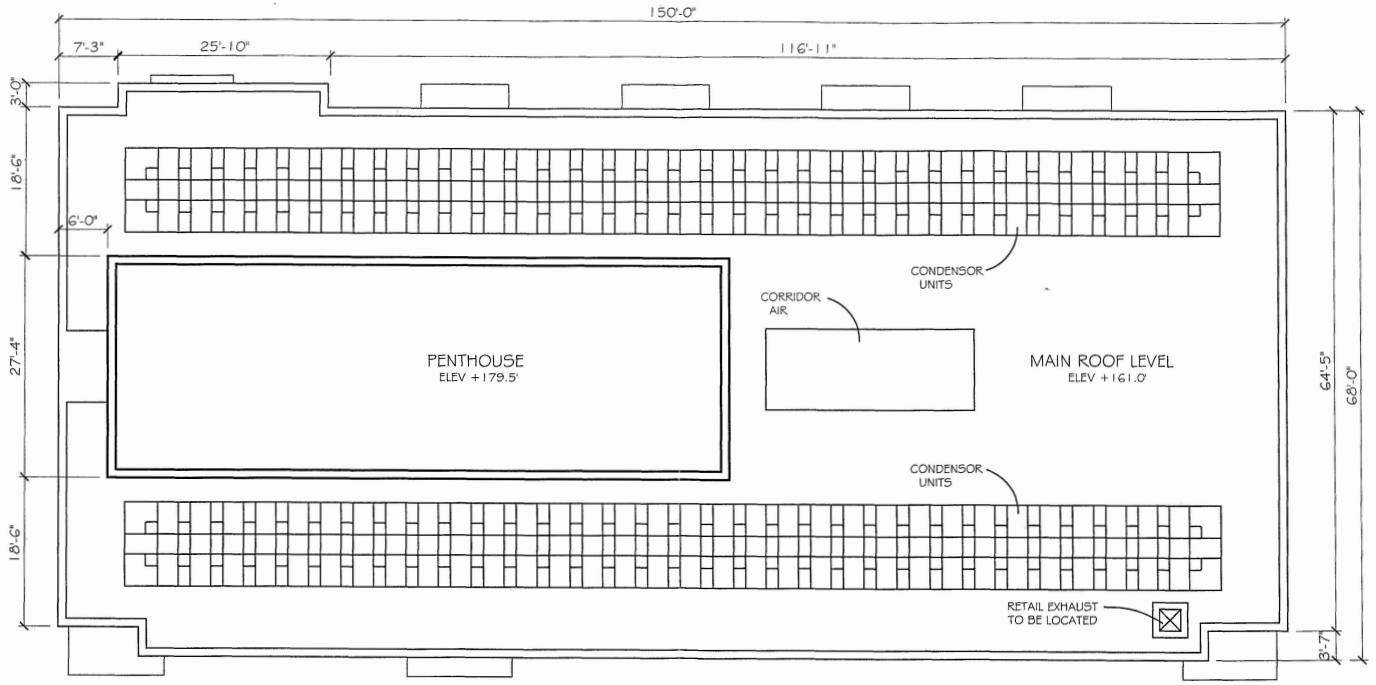

Thank you for your attention to this matter.

Sincerely,
